Newport Aesthetics - Antioxidant Treatment - Cream (1 fl. oz.)

Three powerful antioxidants in a moisturizing anti-aging formula

MSRP: \$105.00

How to Use

Cleanse skin and then apply a thin layer over the desired area one to two times daily or as directed by our medical professionals at Newport Aesthetics.

Product Details

Newport Aesthetics has created this formula of three powerful antioxidants that combines 90% green tea polyphenols, resveratrol and caffeine USP in a luxurious cream.

90% Green Tea Polyphenols (this is the highest purified form available) combat against UV radiation and increase skin tightness. Skin is calmed down, pores tighten, redness calms down and potential irritation from procedures can be reduced.

Resveratrol, an extremely effective antioxidant found in red wine known for anti-aging properties, protects against free-radical damage.

Caffeine USP enhances the antioxidant properties of the green tea.

Use as directed by our medical professionals at Newport Aesthetics.

For all skin types, especially sensitive skin, post-procedure and acne patients.

Paraben-free. Gluten-free. Oil-free. Fragrance-free.

Key Ingredients

Green Tea Polyphenols, Resveratrol, Caffeine USP, Bisabolol, Cucumber Extract, Chamomile Extract, Rosemary Extract, Squalene, Phospholipids
